EXECUTIVE SUMMARY

A highly motivated Computer Science undergraduate with a growing interest in Data Structures and Algorithms. Familiar with Java basics and currently building problem-solving skills through structured programming. Experienced in team-based projects and event coordination, with strong communication and leadership abilities. Focused on continuous learning and eager to contribute to efficient, real-world software solutions.

EDUCATION

ALPHONSA MATRICULATION HIGHER SECONDARY SCHOOL, NAGERCOIL.	SSLC	2019-2020
CARMEL HIGHER SECONDARY SCHOOL , NAGERCOIL	HSC	2021-2022
KATHIR COLLEGE OF ENGINEERING, COIMBATORE	B.E.-CSE	CGPA : 7.6 2022-2026

TECHNICAL SKILLS

HTML, CSS, JavaScript, React.js, Tailwind CSS, Java(Basics), Python(Basics), Git, GitHub, Figma, Adobe Photoshop, Canva, UI/UX Design, Front-End Development, Back-End Basics, API Integration, Client Hosting, Web App Development.

PROJECT EXPERIENCE

Fair Trust — Freelancing Platform - Altruisty Innovation Pvt. Ltd Nov 2024 - Jan 2025

- Designed UI/UX wireframes and prototypes during a 2-month internship at Altruisty Innovation Pvt. Ltd. to create intuitive experiences for Job Poster, Job Seeker, and Admin roles.
- Developed the frontend using React.js as part of the internship project, implementing responsive and role-based interfaces.
- Enabled core functionalities like job posting, job searching, and admin management.
- Managed version control via GitHub and deployed the application on a live hosting platform.

Kalvi — Educational Platform - Kathir College of Engineering Jan 2025 - Feb 2025

- Built an educational platform focused on enhancing learning accessibility and organization for students and educators.
- Developed using HTML, CSS, and JavaScript to deliver a seamless, user-friendly digital experience.
- Implemented features to support interactive and efficient learning workflows.
- Published the project online and maintained source code on GitHub.

Professional Portfolio - Personal Project April 2025 - May 2025

- Built a professional portfolio website using React.js, showcasing my skills, certifications, and a variety of projects.
- Developed a contact section to enable direct communication via email for inquiries and collaboration opportunities.
- Deployed the React application online, creating a live, accessible platform that highlights my frontend development expertise.
- This project reflects my growth in React development and project deployment.

- Developed a web application to help students manage their time, set academic goals, and track daily study progress effectively.
- Designed a user-friendly interface and implemented personalized planning features to boost productivity and focus.

To-Do List Web App - Individual Project

Sep 2024

- Created a simple and functional to-do list web application with the ability to add and delete notes.
- Each task is displayed with a timestamp, allowing users to track when items were added.
- Designed a clean and responsive UI using HTML and CSS.
- Implemented core interactivity and DOM manipulation with JavaScript to manage dynamic task entries.

INTERNSHIP EXPERIENCE

Altruisty Innovation Pvt. Ltd - Full stack Development

Nov 2024 - Jan 2025

Collaborated in a team of four to develop a freelancing platform with multi-role login (Job Poster, Job Seeker, Admin). Designed user-centric UI/UX and implemented the frontend using React.js. Managed version control, deployed the project online, and contributed to building a responsive, production-ready web application.
